

**IMAGINE SAILING  
ON YOUR OWN LUXURY  
JEANNEAU YACHT?**

**FROM  
\$36,900**

**YACHTSHARE'S  
SHARED  
OWNERSHIP  
PROGRAM**

**IT'S EASY, READ ON TO FIND OUT HOW**

**[www.yachtshare.net.au](http://www.yachtshare.net.au)**

## **SO WHAT IS SHARED OWNERSHIP ?**

**Shared Ownership, Fractional Ownership and Syndicated Ownership are all names that for the most part all stand for the same thing, they are systems and programs that allow private persons to purchase access to items that are generally very expensive and costly to own outright.**

**Equally as important to owning the equity in the item is to the system that allows access to that item, and how the program is structured (companies, note holders etc) and then there are the ongoing fees that with some programs include costly bonds and exit fees. These are the types of areas where many programs differ amongst company's offering their version of Syndication.**

## **THE YACHTSHARE PROGRAM**

**Yachtshare is extremely proud of its Shared Ownership program which provides several key criteria for the benefit of owners that have been designed to ensure satisfaction, confidence and ease of use. The Yachtshare product is primarily made up of three vital and integrated components:-**

**Part 1 is your private equity in your beautiful Jeanneau Yacht which comes to you already fitted up with everything you would want on a boat. Even down to mask, snorkel and flippers. Equal equity ensures that each owner enjoys the same interest in the yacht. This brings a pride of ownership and a duty of care not seen in programs where "time share" access means you are on different boats at different times. With Yachtshare, your time is always on your own boat.**

**Part 2 is the access system to your boat. This is achieved by a very simple to use, personalised, online booking calendar, so you don't have to ring anybody to use your boat. You simply go online to our/your web site, log on with your private code, reserve the day/s that you want to use the boat, then log off, that is as complicated as it gets.**

**Part 3 is our service to you in looking after every aspect of cleaning, preparing and maintaining your boat for you so that she is always ready to go every time you climb aboard. This is always the “hassle” part of boating. You know that your boat has been cleaned, fuelled and prepared by your dedicated cleaning team prior to your getting on board.**

**The rest is up to you, Once you have booked your day or days, you simply arrive at your boat on the day, untie her and go and enjoy yourself with no restrictions, it is your boat. When you arrive back at your permanent berth, you simply tie up and go home, we do all the cleaning, refuelling and routine maintenance ready for the next owner.**

**Each luxury Jeanneau Yacht syndicate is comprised of 10 owners with equal equity. This allows a minimum of 33 days each per year to access your yacht on the days you choose. In addition to your 33 days there are standby days which are in addition to the normal allocation of 33 days.**

## **COSTS ?**

**Costs depend on the boat that you are a part owner of but, include all known costs associated with running a large yacht. Items such as insurance, antifouling, routine maintenance, berthing, cleaning etc, are all included in an ongoing monthly fee.**

**You pay a once only capital purchase price for an equity share in your boat and monthly ongoing service fees associated with your boat.**

**You can sell your share at any time prior to the cessation of the syndicate. Generally, if owners do this, they either upgrade to a larger yacht or they may choose to liquidate their equity and move on.**

**Yachtshare is about lifestyle, relaxing and doing something you love. The program is designed to be uncomplicated, user friendly and simple.**

**Every owner has 24/7 access to Yachtshare contacts to assist in any situation. Full personalised training in the handling of your boat is also included. So come on, what are you waiting for? “Enjoy Life”!**

# MORE INFORMATION PLEASE !

NAME :-

ADDRESS :-
